### Storm related vegetative debris pickup update-

The City of Fellsmere will be making a second and final pass for storm related vegetative debris pickup in the public rights of way commencing 9/22 and ending on 9/25. This pickup is only for storm debris impacting the rights of way.

If you are a Waste Management Subscriber please note their guidelines for yard debris disposal.

Please note that FEMA does not engage directly in picking up storm debris.

#### Disposal of yard debris:

You may utilize the transfer station for minor debris. Land Clearing Debris and yard waste such as branches over 3" in diameter must be brought to the Main County Landfill. You may also dispose of yard debris by burning. Please utilize these guidelines (no permit is required)
