

Notice Regarding Audits

In keeping with Florida Statute, the Indian River County Supervisor of Elections Office intends to utilize the state certified Clear Audit system to conduct post-election audits.

As specifically addressed in statute and rule, Indian River County Elections staff will scan ballots into the audit tabulation system periodically throughout the election in advance of conducting post-election audits. All scanning into the audit tabulation system will take place during publicly noticed and accessible sessions.

The Legal Notice details all scheduled canvassing board meetings and ballot processing sessions.
