Permit No. \_\_\_\_\_

**ASBESTOS ABATEMENT – Owner-Builder Disclosure Statement**

State law requires asbestos abatement to be done by licensed contractors. You have applied for a permit under an exemption to that law. The exemption allows you, as the owner of your property, to act as your own asbestos abatement contractor even though you do not have a license. You must supervise the construction yourself. You may move, remove or dispose of asbestos-containing materials on a residential building where you occupy the building and the building is not for sale or lease, or the building is a farm outbuilding on your property. If you sell or lease such a building within 1 year after the asbestos abatement is complete, the law will presume that you intended to sell or lease the property at the time the work was done, which is a violation of this exemption. You may not hire an unlicensed person as your contractor. Your work must be done according to all local, state and federal laws and regulations which apply to asbestos abatement projects. It is your responsibility to make sure that people employed by you have licenses required by state law and by county or municipal licensing ordinances.

TO QUALIFY FOR EXEMPTION UNDER, AN OWNER MUST PERSONALLY APPEAR AND SIGN THE BUILDING PERMIT APPLICATION. A POWER OF ATTORNEY CANNOT BE ACCEPTED.
